

PITCHER ALBERTS ROUGHLY HANDLED BY NEWARK IN LADIES' DAY GAME

Local Club Couples Hits With Passes and Errors and Succeeds in Scoring Ten Runs—Goldrick Effective With Men on Bases Many Times—Game Tomorrow Afternoon.

Newark showed an easy victory in yesterday's game against the Huts and annexed a reversal by the score of 10 to 4. Only ten hits were recorded, but they came in bunches and were coupled with errors, passes and hits batsmen, all of which helped in the final score. Alberts was the victim of the slugging Pendry gang, and after he had lost the game, Johnny Somerlott, the elongated manager-first baseman of Huts, called upon Pitcher Smith to stop the onslaught and he was successful as a "stopper."

Billy Goldrick was on the slab for Newark and while he worked successfully as far as the final result is concerned, he managed to keep the 750 spectators on the anxious seat most of the time. Billy has a faculty for shattering the nerves of the fans, but he generally gets away with his game. As a rule, it's his nerve that gets him through successfully. It seems that crowded base paths have no effect on his pitching.

Twice yesterday, with each inning occupied, he settled down and retired the visitors without a score. Once this occurred when no one was out, yet the next three men were retired in order.

The Huts scored in four innings. Only one run was made in the seventh and ninth. The seventh inning tally resulted when Joe Connolly lifted one over right field fence, the longest hit ever made on the local grounds. It cleared the fence by a safe margin and Joe took his time while putting around the bases. A pass and two successive hits in the ninth put one more run across. The two runs in the first inning resulted when Pendry and Gray combined for a hit with a hit batsman.

The fielding features of the afternoon were some of the sensational pulled off by Center Fielder Wickland. No fewer than four sensational catches were made by this crack little outfielder. One of them, a long fly by Grogan, settled into the fielder's glove close to centerfield fence, where the bull formerly stood guard.

In the first inning Dummie Kihm captured Grogan's high foul and Somerlott, the next man at the plate, got one in the ninth. Successive singles by Connolly, Nee, Bates and Hartford scored two runs. Nee was thrown out at third by Wickland on a pretty bit of fielding and Pendry handled Queissers's roller.

In the seventh, Joe Connolly laced one over the right field fence. In the ninth, Somerlott walked Connolly hit a long fly to Wickland which was a strong bid for an extra base hit. Nee fanned, while Bates and Hartford each singled, scoring Somerlott.

Newark started after Alberts in the second inning, after Gray hit a shot fly to Queissers at second. Kihm singled and Parker got a life on Nee's failure to field his grounder. Martin cleaned up the bases with a triple to right center.

In the third, Murray laced Pendry was hit and Wickland walked down a neat sacrifice. Gray walked filling the bases. Kihm bunted squelching Murray across and Clyde Parker

Society

Mrs. Howard Andrews entertained a few friends in honor of her husband's birthday anniversary at their home in Channel street Monday evening. Music was furnished by the Stockdale Orchestra. Delicious refreshments were served during the evening. All left at a late hour, wishing Mr. Andrews many happy returns of the day. Those present were: Mrs. Henry Andrews, Mrs. L. O. Quinn, Mr. and Mrs. Garlinghouse, Mr. and Mrs. Morris, Mr. and Mrs. W. W. Lill, Mrs. Velma Knisely, Miss Lillian Morris, Lillian Norris, Mrs. Andrews, John Stockdale, Owen S. John Chester, Paul Andrews, Sam Chester and Frederic Andrews.

One of the most pleasant events of the week was the celebration of the 80th birthday of Mr. George Chilcote, at his home east of St. Louisville. Mr. Chilcote was born August 9, 1831, in the eastern part of Pennsylvania and in 1834 with his parents came to Ohio and settled near his present home. As he has lived on the same farm ever since, he has a host of friends who with relatives came with well filled baskets to help him enjoy the day. At one o'clock an elegant dinner, from tables neatly arranged on the lawn, was served by his daughter, Miss Sadie Chilcote and Mrs. Frank Lynn, assisted by a large number of friends. After dinner some excellent singing by Mr. Wright and sons was very much enjoyed. Mr. Chilcote wishes to thank all of his 225 guests for remembering him on his birthday. All departed in the late afternoon, wishing him very many more such happy days.

The members of the Country club will play bridge at the club house on Tuesday evening. The hours will be from 7:30 to 10:30.

Miss Clara Hukill, of Franklin, Pa., was the honor guest at an informal dinner party given on Friday evening by Miss Bertie Fulton at the Country club. Miss Fulton's guests were: Miss Hukill, Miss Grace Fulton, Miss Marian Ogden of Granville, Messrs. Warren Morris of Cleveland, Clarence Halsey, Lewis Mitchell and Duane Fulton.

Mrs. Charles Sowersby, of Chicago, has been the honor guest at a number of delightful social events during her stay here and on Friday afternoon she and her sister, Mrs. Judson Lewis, entertained a number of friends with a bridge party at the home of Mrs. Lewis in Hudson avenue. The game concluded with the prizes being received by Mrs. Cooney, of Lima, and Mrs. W. J. Davis. The out-of-town guests were Mrs. Cooney of Lima, Mrs. Arthur Dean of Cleveland, Mrs. Harry Hoover of Columbus, Miss Lillian Rhodes of Columbus, Mrs. Dennis McNair of Muskego, Cal.

Mrs. Jessie Bartholomew entertained with a very pretty bridge party on Friday afternoon at her North Fourth street home. Miss Bartholomew en-

tertained out of compliment to her guest, Miss Riddle McKaig, of Philadelphia. Several tables of players participated in the game and the souvenir was received by Miss Mary Maurath. The out-of-town guests were Miss Bernette Boylan of Milford Center, Miss Beryl Salsbury of Indianapolis, Mrs. Lester Gardner of Beloit, O., and Miss Marshall of Michigan.

The ladies of Newark Hive, No. 455, have taken the Haynes cottage at Buckeye Lake and will occupy the cottage from August 15 to 22. All members of the order will be welcome.

Mrs. F. T. Wendlekon entertained the members of her sewing club on Thursday afternoon at her home in East Main street. The hours were spent in the club diversion and delicious refreshments were served. The club members present were: Mrs. Raymond Burch, Mrs. Patterson, Mrs. C. L. V. Holtz, Mrs. John Squiggins, Mrs. Fleming, Mrs. Charles Duffey, Mrs. William Briggs, Mrs. O. E. Seward. The guests were: Mrs. Schumaker of Ashland, and Miss Louise George of Mt. Vernon.

Mrs. Charles Ward entertained a few friends on Thursday evening at her home in Sixth street with a porch party. Mrs. Ward complimented Miss Mame James.

On Tuesday evening a number of the grammar grade boys of Hazlewood school, with a few friends, met at the home of Miss Gutridge, one of the teachers. A modeling contest, story telling, games and music were the diversions of the evening and refreshments were served. The hostess was assisted by her cousin, Miss Reva Forgrave, and those present were: George Young, Harold Vanarsdale, Joseph Conour, Ernest Billman, Cary Baughman, Otto Baughman, Dale Colville, Edward Brannon, Fay Nosker, Jesse Baughman and Charles Warman.

The annual reunion of the Lisey family was held at Buckeye Lake Thursday, August 10, with five generations present. At noon a dinner was served. The following people attended the reunion: Mr. and Mrs. Will Lisey, Jacob Lisey and John Lisey of Kewanee, Ind., Mr. and Mrs. John Blosser and daughter of Baltimore, O., Mr. and Mrs. W. M. Kipp of Coshocton, O., W. M. Lisey of Hanover, O., John Thomas and family of Granville, Chas. Gleckler of Vanatta, O., Will Rossel of Columbus. The following Newark people and their families were also present: C. B. Warner, Fred Lisey, John Sacis, Robert Rossel, Harry Rossel, William Hiatt and Charles Rossel.

The Wednesday Afternoon Sewing club had as its hostess on Friday afternoon Mrs. J. Park Shal at her home in North Sixth street. The rooms were unusually attractive with their decorations of golden rod and August lilies. The afternoon was pleasantly spent with sewing and a delicious luncheon was served by the hostess. Besides the members of the club the following guests were present: Mrs. B. P. Mc-

A MODIFIED SAILOR EFFECT USED FOR THIS PLAY FROCK.
For the first fall school days this blue serge is designed. The model is very simple yet nothing could be snarer or more attractive for the first school days when every little girl wants to look her very prettiest and best. The blouse is a modified sailor model with long shoulders and a lapped over front in which is set a little vest of scarlet silk strapped across with braid. Gilt buttons are set at the ends of the braid straps.

Donald, Mrs. Clark Hatch, Mrs. H. H. Scott, Mrs. Charles Matthews, Mrs. Earl Russell, Misses Kate Vance, Ruth Zentmyer, Edythe Hall, Ruth Hatch, Mable Young and Miss Isabel Crowthers of New Castle, Pa.

Announcement is made of the marriage of Miss Anna Kneupfer and Mr. John Goff in Windsor, Canada, on Aug. 8, at four o'clock. Both Mr. and Mrs. Goff are well known in the city. The bride couple was attended by Mr. and Mrs. Melvin Lamp, of Detroit, Mich. Mr. and Mrs. Goff will take a wedding trip around the lakes and on their return will be at home to their friends in Bowers avenue.

Smothered Cucumbers
Corn Puddings
Lettuce
Wafers
French Dressing
Cheese

Supper
Sweetbreads en Marmite
Cress Salad
Bavarian Cream
Coffee

Frozen Bouillon—Take 5 pounds of lean beef without bone, wipe it with a damp cloth, removes as much fat as possible and cut in small pieces with a sharp knife. Melt in a frying pan a little of the fat and in this brown thoroughly about one-quarter of the meat putting the remainder in the soup kettle with three quarts of cold water and standing it aside for an hour or more. Add the browned meat to the contents of the kettle and heat slowly to the boiling point. Skim well, cover closely and simmer very slowly for five hours. Add one tablespoonful of salt, two dozen peppercorns, one-half of a cupful each of diced turnip, carrot, onion and celery and simmer for an hour longer. Strain and put aside until cold. Remove every particle of fat, add the crushed shells and the frothed whites of two eggs, and bring quickly to the boiling point, stirring constantly. Boil without stirring for five minutes. Remove from the fire, let stand ten minutes, then strain through three or four thicknesses of wetted cheese cloth. When cold add four tablespoonfuls of sherry, freeze to a mush and serve in glasses.

Sweetbreads en Marmite—One large sweetbread, two heaping tablespoonfuls of butter, four ounces of cooked ham, or tongue, one cupful of brown or Espagnole sauce, half a teaspoonful of finely chopped shallot, one large truffle, salt, pepper, half a lemon. Trim the sweetbread, lay it in cold salted water with a little lemon juice for one hour. Put it, with this water, into a saucepan, and par-boil it for fifteen minutes. Lift out the sweetbread, and lay it in cold water to become firm for ten or fifteen minutes. Take it out of the water, dry, and cut it into large dice, also the ham or tongue. Melt the butter in a pan, add the sweetbread and shallot and fry gently until just brown. Add the sauce and ham or tongue, and simmer for half an hour, or till tender. Meantime heat the truffle, cut in thin slices, in a little stock. Season the sweetbread carefully, and put the mixture into small marmite pots, allowing one for each guest. Lay a slice of truffle on the top of the mixture in each.

The advantage about being the black sheep of the family is that nobody wants to fleece you.

Even the man who plays first violin in the orchestra may have to play second fiddle at home.

PERSONALS

Miss Mary Prior is spending a week in Columbus.

Miss Besse Everetts will go to Cedar Point Sunday.

John Garrett, of Zanesville, spent Friday in Newark.

Delby Rhine, of West Carlisle, was in the city Friday.

J. Boland, of Columbus, registered at the Sellen Friday night.

H. L. Baker, of Athens, is visiting his son, Dr. H. H. Baker.

O. B. Kniebel and wife, of Mansfield, made a short visit in the city.

Heart and Home Talks

by Barbara Boyd

Voices Some Sentiments From the Kitchen.

MAIDS could tell us a lot about ourselves. It would be well for us to know," said the Candid Girl, joining the group sewing. "If anybody knows us down to the ground, it's our maids. A little plain talk from them once a week would be a moral house-cleaning. 'If my mistress were fussy,' went on the Candid Girl, 'I should just like to say to her, that it wasn't necessary to tell me every day to put the meat away as soon as it came from the butcher, and to keep the milk on ice, and to use the waste butter for seasoning, and to take the clothes-line down; and that if she would just stay out of the kitchen I would have the meals on time without her coming out a half-hour before and fussing around for fear they wouldn't be ready.'

The women sewing looked indignant. "But you have to do these things with maids, or nothing would ever be right," remarked one.

"Maybe you only think you have to," said the Candid Girl, amiably.

"Maids have more sense than you think, if you just give it a chance to grow."

"Then, I would like to tell her that it didn't do any good to preach to me about truth and honor and such things, while she fibbed to her husband about the bills. And that she needn't tell me how necessary it was to control one's temper while she lost hers and spanked the children."

"And I would furthermore tell her that I couldn't have very much respect for her while she enthused over company, and said she was so glad to see them, and then came out to me in the kitchen, and said all manner of mean things about them and how tiresome it was to have to get meals for them."

"You don't care much whether your maid respects you or not," said one.

"But it may mean a lot to her whether she can respect you or not, or whether she loses faith in human nature because of you," returned the Candid Girl, gently.

"I would like to tell her also that my stomach was only the normal capacity, and that she could leave cakes and pies about without fear of my consuming a dozen or two. A maid can't eat pie and cake and preserves continuously," said the Candid Girl, guilelessly.

"You might think some did," snapped one of the women.

"I would also like to tell her," went on the Candid Girl, "that just because I happened to be a maid, I couldn't do the work of three people. Lots of mistresses expect a maid to do, day in and day out, three or four times the work that they could do themselves. Yet maids are the same flesh and blood that they are, and have the same physical limitations."

"Fancy!" said one of the women, "letting a maid talk to you like that!"

"I'm not sure," said the Candid Girl, sweetly, "that if mistress and maid had a few plain talks on these subjects, and came to a little better understanding of each other, there wouldn't be less trouble about the maid problem. If we would come to look upon our maids as women like ourselves, and treat them accordingly, and not merely as beings to get as much work out of as possible, I think we would get along better with them."

"Try it," said one of the women, enigmatically.

"I have," said the Candid Girl, rising to go. "I have the dearest little helper in the world, and she has been with me for years. She humors my failings and I humor hers, and we live peaceably together, and I hope we will continue to do so forevermore, amen."

HEALTH HINT FOR TODAY.

Keep Bandages Handy.
A box of bandages should be kept in every household, so that in case of an accident they will come in handy. Bandages should be torn from strong cotton cloth and wound tightly until needed. They should be of various widths and not hemmed. Have also a supply of stout, narrow strips to be used in tying. It is advisable to put all these bandages when made into a medium oven for a short time to sterilize them; then put them in a hot, wide mouthed preserve jar, screw on the lid while all are still hot and keep the jar in a convenient place.

When President Taft suggested that the tariff should be revised one schedule at a time it was hailed by many Protectionists as a most statesmanlike proposition. So enthusiastic were the Republican Machine managers they immediately adopted it in the Campaign Text Book for 1910. In their estimation this might prove most effective in delaying each schedule, according to the President's plan, would have to depend upon his Tariff Commission's report as to difference in cost of production at home and abroad. They are becoming undecieved in this respect by the action of the Democratic majority in the House, whose advent they dreaded, while relying upon a precarious Regular Republican majority in the Senate. But now when the Democrats of the House have adopted President Taft's suggestion of "one schedule at a time," their tariff measures are sneered at as "pop-gun bills" by the very same people that applauded the plan a little while ago. Instead of being "pop-guns," their bills are legislative cannon of the very largest calibre. So tremendous have been their report that they have waked the babes of Protection from Maine to Oregon.

A Newport debutante made a runaway match with a chauffeur. These chauffeurs seem to be as fascinating to some heiresses as the coachmen were in the era of the horse. Perhaps some of the college psychologists can tell why young women of fashion and wealth, few of whom possess the slightest degree of democratic feeling in general, find the managers of horses and gages so charming.

Dismemberment of Texas.

The close vote on prohibition in Texas and the sectional lines that were drawn on the issue between the northern and southern portions of the state has raised a certain amount of speculation as to whether or not this difference of opinion might not lead to a division of the state. It is a well known fact that Texas was annexed to the United States with a constitution entirely different from that of any other state that came in from federal territory. That is because Texas was not federal territory and came into the Union under special condition that need not here be discussed. Texas reserved the title to all her public lands and also the right to sub-divide into separate states—not to exceed five—at anytime she saw fit.

While the differences of opinion on the question of prohibition may be very wide and the prejudices aroused very bitter, it is hardly thought possible that a division of the state would be a result. Texas is becoming so great and powerful a state that its inhabitants have a peculiar pride in the commanding position which she occupies and the power and prestige that will accrue to her in the future through the natural increase in population and wealth. After all her envious, though generous rivals in the sisterhood of the Union, would regret to see Texas dismembered. Bitter as is the fight over prohibition there seems to be no immediate danger of such a thing being accomplished. When it comes to the point of dissolution, the probability is that the inhabitants of the north and south Texas will unite in opposition to the scheme. But if Texas wishes to cut herself in pieces she is the only state in the Union that has the power to do so without asking the leave of anybody. In days before the civil war any talk about Texas dividing up into more states was great cause for terrific denunciation by the anti-slavery agitators of that period.

July weather did a good deal of crop damage, but after all, 664,000,000 bushels of wheat is just what we got three years ago and 30,000,000 bushels more than we got four years ago. Corn at 2,622,000,000 bushels is very little behind the crop of three years ago, and more than the crop of four years ago. The prospects were so extremely good in June that we thought we were going to beat all records. We are disappointed that we are not going to, but there will be a good deal of grain in the bins next winter unless something very much worse shall happen.

"Little Peach" Is Attacking Orchards

Columbus, Aug. 12.—Officials of the state nursery and orchard inspection department are worried over the discovery that a destructive disease of peach trees has made its appearance in Ohio for the first time. The disease is called the "little peach" and it has been detected in two orchards in Cuyahoga county. It prevents the Cuyahoga trees at retaining their full growth and also retards their ripening. Science has not yet discovered any cure, and the only remedy when the disease has been discovered is to have all the trees affected destroyed. In the Cuyahoga orchards this has been done by Chief Inspector Shaw, of the state department.

A GREAT LAKES HONEYMOON

The D. & C. Lake Lines Offer the Popular Trip for Mr. and Mrs. Newlywed.

A wedding trip which is appropriate, enjoyable and gives the desired pleasure at the least possible cost is via the D. & C. lines between Detroit, Buffalo and Niagara Falls and Cleveland, Detroit and Mackinac. The steamers are elegantly furnished and state rooms or parlors can be reserved in advance. Send two cent stamp for illustrated pamphlet. Address D. & C. LILLIAN RUSSELL

Lillian's writing helpful, doing, bringing comfort, peace and hope to the souls of homely women, who would shine as beauties rare. "Any bleached or freckled girl," says the optimistic Lill, "can line up with Cleopatra if she'll only do and dare. If she'll read my Genuis of thought, read my smoking dammyrot, and be true to my instructions, she will take the beauty prize; she will have an angel face, have a form of queenly grace, she will have a rich complexion and a pair of starry eyes." And the women who'd obey all that Lillian has to say would be kept so all-fired busy she would cease to do her chores; rubbing ointment on her nose, tying ribbons on her toes, she'd neglect to wash the dishes and to sweep the dusty floors. I have often sadly thought that fair Lillian's kind of rot doesn't really much contribute to the welfare of the race; for the highest, noblest aim of a self-respecting dame is a finer sort of beauty than a pink enameled face.

ATTY-GEN. HOGAN INTERVIEWED REGARDING CONSTITUTIONAL CONVENTION OF NEXT YEAR

Columbus, Aug. 12.—As a private citizen Attorney General Hogan has given the publicity agent of the Model License Liquor forces a statement endorsing their position. "A constitutional license provision supplemented with measures strictly regulating the operation of the licensed saloon is to my mind the only solution of the saloon question in Ohio," says Hogan. He also urged that the wet and dry issue be not placed ahead of more important measures at the constitutional convention and that the license question be submitted separately to the people from the rest of the constitution.

The Interview.

Columbus, O., Aug. 12.—A constitutional license provision supplemented with measures strictly regulating the operation of the licensed saloon is, to my mind, the only solution of the saloon question in Ohio. This was the emphatic statement of Attorney General Timothy S. Hogan, when a newspaperman inquired as to his views relative to the big question now before the people of the state—the question that is occupying the center of the stage in the agitation preliminary to the selection of delegates to next January's constitutional convention.

Why "Wet" and "Dry." "There seems to be a general unanimity of opinion that the convention will be a plain 'wet' and 'dry' fight, to the detriment of other big issues pending," Mr. Hogan continued. "There is no necessity of this. That contingency was provided for last winter when the Green bill for the separate submission of the question was passed by both the 'wets' and 'drys.' Let the convention, when it meets, take up the question at once, and put it directly up to the people. Instead of denouncing the whole constitution, let them vote on the question of license or no license, apart from the general constitution. Then the majority will rule, and the delegates will go ahead and take up the other big issues without the liquor bugaboo to befuddle the issue."

Watch the Delegates.

"A rational voter, who leans to neither extreme, can hardly support a convention delegate who will refuse to sign that statement which was expressly designed to save the convention from being a one-issue affair," Mr. Hogan added.

An attorney general, who has made such an excellent record at the head of the state's legal department that he has been persistently boomed to bear the party's standard, despite his definitely announced distinction, took up the license question at length, and proved to be well informed on the question. "I find that the opposition to the proposition of saloon license arises from a lack of information on the subject," Mr. Hogan told the reporter. "If every voter thoroughly understood how license would work out in Ohio, opposition would be infinitesimal."

Local Option Stands.

"In the first place, a provision in the constitution licensing saloons would, in no way, affect the present local option laws. Localities that prefer to remain 'dry' could do so under the present system of taxation. That, I believe, is not generally understood. The license would apply only in localities where saloons are permitted to exist by the will of the people. "The big point is, to my mind, that it would force the saloonkeeper to run a respectable place; would clean out the dives automatically, and would bring the business of selling liquor up to a much higher plane. "This would be done, of course, through the principle of revoking the license of the man who violates the law."

Is Bryan a Democrat?

Mr. Bryan's attack on Mr. Underwood, and the enthusiasm of the House at Mr. Underwood's complete and convincing vindication of his actions, were very significant of what is nowadays in the mind of the Democratic party. The question that seems to be uppermost in Mr. Bryan's mind is, Shall the Democratic majority leave the "Platte"? The thought that is left haunting the Democratic mind is, it is permitting it!

Mr. Kitchin, of North Carolina, a member of the Appropriations Committee, rising in the House to assist Mr. Underwood to demolish Mr. Bryan's charges that Mr. Underwood had used his power in committee to protect his personal interest in the iron business, remarked: "I thought at the time that the Republicans might attempt to slander Mr. Underwood in this business, but I never thought there was a Democrat in the country who would do so."

\$100 REWARD, \$100.

The readers of the Advocate will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Bladder. Catarrh is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional cure. The only way to cure is by the use of the "Cure" which is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.
The henpecked husband has an idea that when his wife puts her foot down the very earth trembles.

Mr. Hogan explained. "You and I know that the average saloonkeeper is seldom deterred by the imposition of a fine. Illegal practices are usually so profitable in the saloon business that the fine, even a large one, can be paid time and again. To the worst class of joint proprietors even imprisonment for short periods has little terror. They are so 'tough' that the disgrace is nothing, and they go right back. But when you take away a man's right to do business, as you would for violations of the law under the license system, you force that man to obey the law. There is nothing he fears much as the loss of his license. With it once revoked he can never do business in the state again."

Bars "Side Lines."

Mr. Hogan further believes that the license principle of limiting the number of saloons would have a good effect. "If, in Ohio, under the license system the number of saloons was limited to one to every 750 inhabitants, the number of saloons in each town would be so decreased that only the well-run places would be operated. Those who held licenses could afford to do away with the 'side lines' that they now are almost compelled to operate in order to meet the stiff competition. By 'side lines' I refer to the gambling games, the patronage of women of questionable character, the sale to minors and drunkards, and similar offenses. Under the present system, with the number of saloons practically unlimited, and with only fines for these offenses, they are all too general. But with a limited number of saloons in a community and a number of persons always ready to enter the business, the saloonkeeper with a license would consider a long time before he would violate the law in any manner. The men wanting his license would be only too willing to immediately report any infraction of the statutes on his part."

Mr. Hogan pointed to his argument of the law in states where license exists as the best proof of his argument. "People who have visited Pennsylvania cities know that it is absolutely impossible to get a drink in a saloon there on Sunday, or after the closing hour. Neither love nor money will buy one. Drunkards are absolutely barred and every provision of the law is lived up to. Pennsylvania has the saloon question practically settled, and it is high time that Ohio takes a step in that direction."

Change is in Whisky.

Mr. Hogan continued to point out how, under the principle of license in effect in this state, present conditions could be greatly improved. "Even the radical prohibitionist can hardly be satisfied with present conditions," he pointed out. "I know that in my town of Wellston there are many men who worked hard for county option who are now thoroughly disgusted with its operation. There seems to be about as much whisky sold as there ever was. The only difference is that it is worse whisky."

"At the same time, these men would dislike to return to the old condition. Wellston, like every other town, had some pretty respectable saloons, and no one wants them back. But there are hundreds of so-called 'dry' men who would like to see the whole condition changed—would like to see a lesser number of quiet, orderly, well-regulated licensed saloons replace the present multiplicity of speak-easies and blind tigers. That, I believe, is true of every 'dry' town in the state, and the 'wet' towns would welcome license as a means of ridding their cities of the low dives and lawless joints."

"Once give the people a clear idea of the real working of the license saloon, and every rational man will support the proposition to the limit," was Mr. Hogan's closing comment.

But is Mr. Bryan any longer a Democrat?

Has he any other test for Democrats than fidelity to Bryan and agreement with his sentiments? Has he any real sympathy with a party that Bryan does not control?

These are questions he will do well to put to himself. There has been no disposition to drive him out of the Democratic party, but he has shown not a little disposition to show the Democratic party off his premises. His attack on Mr. Underwood was doubtless based on misinformation. He has not said so in this writing, but probably he will. But it is the motive for the attack that is interesting. Mr. Underwood's distinguished and successful leadership in the House seems to have been that Mr. Underwood was doing too well. First, he attacked his wool schedule and tried to dominate his judgment as to that; now he accepts an unlikely story, capable of complete refutation, and hurries it at Mr. Underwood through the newspapers—Harpers Weekly.

Members of D. of A. who may aspire to become members of the degree team, and who are willing to work real hard to make this team the one that shall be second to none, will also be present, and if there are vacancies they will be given a trial. Strict military discipline will be the rule of this team from now on.

Octagon Tent, No. 132, K. O. T. M. met in review Wednesday night, Aug. 9th, and will meet regular every Wednesday evening. Please do not forget this. On the 23rd there will be something extra. Ask for a ticket.

LODGE NEWS

Jr. O. U. A. M.
Licking Council No. 90 met in due form with Councilor, Brother B. E. Retherford, in the chair.

Entertainment committee on entertainment to be held on August 17, reported, but as yet have not decided what it will be, whether a dance and social, or a dance.

Brother W. B. Reed was elected captain of the new degree team with power to pick his team, and from the officers of the team that he picked it looks like Licking Council No. 90 will do the work. Brother Reed seems to be in demand as a captain of degree teams, as he is the captain of one other, and it is a good one too, and it is hoped that both teams be made perfect and get that touch of unity so much needed in degree teams as well as the co-operation of all.

Our new critic, Brother W. F. May, held the boys' in check last Thursday evening, and much good was done by other brothers having the welfare of the order at heart.

On the next regular meeting there will be one initiation for the new degree team, and all brothers are urgently requested to be present, and there will be something doing in the O. M. A., after which there will be something doing in the line of refreshments.

All candidates for the rank of Prince in the Oriental Degree are urged to receive the next Thursday evening to such membership of the O. M. A. is steadily increasing and at the last regular meeting of Licking Council No. 90 a resolution was passed to the effect that all brother Princes wear their regalia, or emblem, to and from the hall.

All candidates for the Jr. O. U. A. M. who have not been examined by the medical examiner will report to him for their examination immediately after having passed the necessary examination will be sure to be present next Thursday evening while the goat is yet young, for with age it increases in strength. Take heed.

The Jr. O. U. A. M. have one of the best (if not the best) halls in Newark for dancing and dancing purposes and a series of dances will be pulled off in the near future, but of course these will be strictly invitation dances and all members will have to submit the invitations to the committee for their approval, and if accepted they will be invited through the entertainment committee. Absolutely no public dances will be held by this order in accordance with previous resolutions.

Brothers! Don't forget to come next meeting night and don't forget that we meet every Thursday evening on the corner of Williams street and West Main street in our new hall in the Moser building.

I. O. O. F.

At the regular weekly meeting of Olive Branch Lodge, Tuesday evening, Aug. 8, the general line of business was transacted. After lodge was over there was practice in the first degree. Next Tuesday evening the third degree will be conferred. All candidates that have not taken the third degree will please be on hand. All members of Olive Branch are requested to be on hand Tuesday evening after the work is over. Refreshments will be served. Visiting brothers are always welcome.

Daughters of American Degree Team.

All of D. of A. degree team will please be present at the next regular meeting for drill.

Members of degree team will please watch the press on Monday and Tuesday evening of next week for special meeting, as we need drill and if arrangements can be made a special meeting will be called for drill, and all members are urged to be present.

Daughters of Veterans.

The Daughters of Veterans held a most interesting meeting Tuesday evening at G. A. R. hall. After the usual routine of business, Comrade Wilson was obligated into the order. The Daughters appreciate very much the interest taken by the comrades in our order, their presence and little talks are heartily appreciated and of great help to us. The invitation from Comrade Hunt to attend the camp fire of the thirty-first regiment at G. A. R. hall, Sept. 19, and the picnic at Mount-builders park on the 26th of the same month, was unanimously accepted. Owing to the evenings being so extremely warm, it was decided to discontinue our meetings through the month of August. Our next meeting will be the second Tuesday in September. We hope the members reported sick will be better and able to be with us at our next meeting.

Chamels.

Monarch Temple, No. 103, met in regular session Friday evening. A number of applications were received and balloted on. The most interesting part of the meeting was the report received from Brother Drake, local representative to the ninth annual convention of the Supreme Lodge, held in Pittsburgh, Aug. 8 and 9, who succeeded in bringing the tenth annual convention to

Newark for 1912. Let every member be present at the next regular meeting, as there will be business of importance and degree work.

CONG. ANDERSON

Interested in the Proposed Tiffin-Fremont Electric Railway—Securing Right of Way.

Tiffin, Aug. 12.—Congressman Anderson was in the city Friday for a few hours. He has been granted a ten days' leave of absence from his duties in Washington on account of the illness of his father, J. J. Anderson, of Fremont. The condition of the latter remains the same and the son wishes to be near to him. He reported that the right of way for the Tiffin-Fremont route had been obtained. However, two exceptions had been obtained. One or two concessions which have not as yet been gained between the parties have not been interviewed.

WILL SEND COMMISSIONERS.

Columbus, Aug. 12.—Italy has joined with Spain and signaled her intention of sending a special envoy to the celebration of the Ohio-Columbus centennial during the summer of 1912. This word has been received from the special commissioners, Frank Quigley and Rand J. Dustman.

Handles all kinds of legitimate business. Divorce cases. Both male and female operators. Prices reasonable. Good references as to ability. 458 W. Sixth Ave., Columbus, O.

It doesn't always follow that a man is worth a million just because he happens to have that much.

BUTTER KRUST

ALL READY FOR OPENING OF THE AVIATION MEET

Chicago, Aug. 12.—Despite the hard rain last night the weather bureau prophesied that the skies would clear sufficiently to permit the opening of Chicago's greatest aviation meet today, the largest ever held in America. Thirty-five licensed aviators with more than 100 aeroplanes are already on the fields. Eight types of machines are entered. The Morane monoplane in which Vedrines made the fastest time ever recorded in a monoplane will be seen for the first time in America. Charles T. Weyman, who won the Gordon-Bennett cup in England last month, will arrive next week to drive his 100-horsepower racer. The Wright brothers have eight machines entered and Glen Curtiss will also be represented with several.

REGISTRATION DAYS

Two registration days will occur before the primaries—Wednesday, August 30, and Friday, September 1. All new voters and those having changed residences since last voting will be required to register or get a transfer.

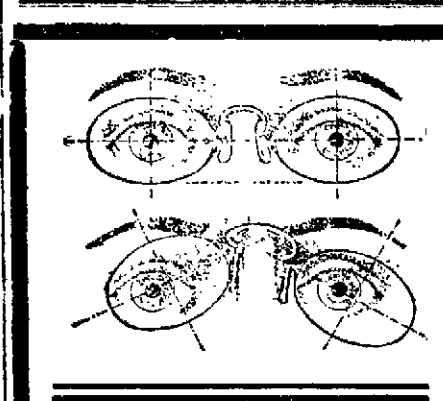

Twenty-one of the 55 counties of California have a woman superintendent of schools.

Headaches

Impair Mental Faculties and should not be allowed to become chronic. Whether caused by heat or cold, stomach disorders or nervousness

Hicks' CAPUDINE

is the best remedy to take. It's liquid—effects immediate—pleasant to take. 10c, 25c and 50c at drug stores.

NOSE GLASSES

that tilt, slip, slide, pinch and distress your nose are a nuisance. Worse than that they are a danger to your eyes.

Our springs, guards and bridges hold glasses firmly, yet gently. They don't rattle your temples, being the kind THAT STAY IN PLACE.

NEWBRO'S HERPICIDE

Is Guaranteed by W. A. Kirman & Son, Special Agents.

Nearly everyone has dandruff and must reconcile themselves to the idea of becoming completely bald or resort to the use of Newbro's Herpicide.

The manufacturers have absolute faith in Herpicide to kill the germ and remove all traces of dandruff. So perfect is this belief that all dealers are instructed to sell the preparation with a "money back" agreement.

Such supreme confidence is the best evidence in the world of the merit of Herpicide. They know the result, hence the guarantee. It protects the purchaser.

Used as directed, Newbro's Herpicide kills the germ that causes dandruff and prevents the hair from coming out. It stops itching of the scalp, which is so disagreeable.

Send 10c in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

Herpicide is for sale by all druggists and applications may be obtained at good barber shops.

NEWS OF THE GLASSWORKERS

(The Glassworkers.)

Geo. H. Hamilton, the energetic Newark O. moldmaker, is president of the Central League base ball team at that place and is doing all in his power to give the fans at that place high class ball. His many friends in the glass trade all join the glassworker in wishing him unlimited success.

The Glassworker acknowledges receipt of a photo from Gottlieb Zinn, of Newark, O., showing the western base ball batteries which won the game for the Plints in 1896 by a score of 10 to 0, and this year at Sea Isle City 5 to 1. The battery 15 years ago was Gauding and Schachern, and this year Merritt and Schachern.

The new 16-pot furnace of the Independent Glass Producers Co., Toronto, Can., is practically completed and will make glass about Sept. 4. The product will be off-hand lamp chimneys, bar goods and prescription ware. R. W. Lowden is secretary and general manager.

The Seneca Glass Co., Morgantown, W. Va., is repairing the old plant at Star City, formerly owned by the Ramona Glass Co. The plant will be turned into a tumbler factory if present plans materialize.

The new automatic machine factory at the Illinois Glass Co.'s plant, Alto, Ill., is nearing completion. No. 7 pot furnace has been running all summer. No. 6 tank, equipped with machines, is in blast. No. 8 tank will be operated with machines when completed.

A rumor is current at Texas Glass Co., to the effect that the Texas Glass Co. contemplate enlarging its plant to a capacity of 60 blowers. This report has not been substantiated by officials of the company.

Both the Old Dominion plant and the Alexandria Glass Works, Alexandria, Va., are now practically in readiness to start. Many improvements have been made and indications point to a good season's run.

At the Penn-American Plate Glass Co.'s factory, Alexandria, Ind., four furnaces have been going and glass will soon be made. The company expended over \$25,000 in repairs during the summer shut-down.

The Demuth Glass Mfg. Co.'s plant, Brooklyn, N. Y., commenced operations for the season on July 24 with the usual number of shops. Prospects for the year appear to be good.

Prospects for early resumption at the Sheffield Glass Bottle Co.'s plant, Sheffield, Pa., appear to be bright. Many improvements have been made and these will enable the company materially to increase their output during the coming blast.

The McCoy window plant at Mt. Jewett, Pa., was shut down last week in order to make repairs. It is understood that the plant will be idle several weeks.

The Fredonia Window Glass Co., Fredonia, Kan., put fire in its tank last

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information. **BRADFIELD REGULATOR CO., Atlanta, Ga.**

MOTHER'S FRIEND

WILL OPEN THE NEWARK STORE MONDAY

E. H. Slaughenaupt, manager of the local branch of the Citizens' 5, 10 and 25 cent stores, wired the Advocate from Cleveland Saturday afternoon saying that the Newark store will be opened Monday morning for business under the direction of Receiver Sidney N. Deitz.

Immediately after the suit was filed in the Licking county court Friday afternoon resulting in an attachment of the Newark store on a \$500 claim due William Elliott, Mr. Slaughenaupt left for Cleveland, where the general offices of the Citizens' Stores company are located. On Saturday Mr. Slaughenaupt had an interview with Receiver Deitz and after an investigation of the situation, wired that the assets of the company are fully twice the amount of the liabilities. He says that when two of the company's several stores were closed on attachment, the Citizens' Stores company's officers made a voluntary assignment and secured the appointment of a receiver for all of the stores operated by the company at Cambridge, Bucyrus, Ashland, Uhrichsville, Cleveland, Van Wert and Newark.

Mr. Slaughenaupt requested the Advocate to state that he has gone to Cleveland in the interest of the local stockholders of the company and that he is making a full investigation and will look out for the stockholders' interests to the best of his ability. He is encouraged by the report that the assets are twice the size of liabilities and says that the receiver is to resume the business on Monday morning with a view to making a success of a business that is temporarily embarrassed.

Later developments in the situation surrounding the troubles of the various stores of the Citizens' 5, 10 and 25-cent stores company, in a number of Ohio cities, show that on Thursday, August 10, a suit was commenced in Cleveland against the company, at which place the chief offices are located.

In the suit an attachment was issued against the assets of the company in Cleveland. This had the effect of putting the other creditors in fear and to prevent certain creditors from securing preference over other creditors an involuntary bankruptcy petition was filed against the company by the Zanesville Pottery company, of Zanesville; Hubbell Printing company, of Cleveland; J. H. Phelps & Co., of Cleveland, and the Belmont Stamping and Enameling company, of New Philadelphia. The claims aggregate \$500 in excess of securities held by the creditors, filed the petition in the United States district court.

On application, the court appointed a resident of Cleveland, Sidney N. Deitz, as receiver, with power to take possession of all the stores of the company. So far as known, the receiver has made no arrangements for taking active possession of the Newark store or operating the same.

RECEIVER APPOINTED.
Cleveland, O., Aug. 12.—Attorney Sidney N. Deitz was today appointed receiver of the Citizens' 5, 10 and 25-cent Stores company by bankruptcy proceedings before Referee Ingersoll. The company operates stores in Cleveland, Bucyrus, Newark, Cambridge, Uhrichsville, Van Wert, Canton, Crestline and Ashland. It is said this afternoon that the receiver will open the Newark store Monday morning.

WATER FAMINE IN SOUTHEASTERN OHIO
Pomeroy, Aug. 12.—Southeastern Ohio is in the grasp of a water famine and Meigs county is a particular sufferer. Practically all of the small streams and springs are dry and stock is suffering worse than for many years. In some places the supply for human consumption is getting very scarce.

At Rutland, a village in the western part of the county, a scourge of typhoid fever has broken out as a result of the scarcity of water in the wells. In a population of less than 300 there are a dozen cases.

JOHNSTOWN MAN MAKES ASSIGNMENT
Dr. Carey A. Burke of Johnstown, has made an assignment to H. B. Rusler for the benefit of his creditors. The assets will amount to about \$20,000, while the liabilities are about the same. Mr. Rusler gave bond in the sum of \$25,000 with Edward Kibler and Roe Emerson as sureties.

GRANVILLE

Granville, O., Aug. 12.—As has already been announced the thirteenth annual reunion of the Dumbauld family, of which there are many connections in this part of the county, will be held at the home of Mr. and Mrs. James Williams, at Homer, on Thursday, August 17. The reunions of this large family are always attended by many of the relatives and a most enjoyable time is had. On the occasion of the coming reunion it has been planned to have a program of more than unusual interest, and it is expected that there will be the largest attendance of any reunion yet held.

Mr. and Mrs. Robert Hall, of Newark, who have been here for some time keeping house for the Morrow boys during the absence of their parents, have returned home.

Miss Sarah Firestone, a charming and accomplished young woman of Terre Haute, Ind., who has been visiting her friend, Miss Allie Deeds at her home south of the village during the past two weeks, returned home Saturday morning, after having had a most delightful visit.

Mrs. Sarah Myers has gone to Lake Side, near Sandusky, where she will spend a week or ten days.

After a pleasant visit with Mrs. Samuel Garwood at her home on North Granger street, Misses Grace Hogan and Mary Casely have returned to their home in Columbus.

Granville has been thoroughly billed for the Newark Labor Day celebration and the indications are that a large number from this place will spend the day in the city.

The indications now are for rain and it is about time. Potatoes, according to report, have been seriously damaged by the drought, but some good heavy rains may help the situation. Early potatoes were nearly a failure and the general state prospect is estimated at 10 per cent of the normal yield. Pasture is in very poor condition, the few rains we have had having failed to improve it much. Some of the farmers in the vicinity of Granville have been feeding their stock dry feed, on account of the failure of pasturage.

Tomorrow, Sunday, August 13, the Rev. William Houston will conduct the services both morning and evening at the Presbyterian church. Mr. Houston is the student pastor of the Ohio State University, representing the Presbyterian church, and is therefore associate pastor of every church in the synod. Granville people cannot afford to miss the opportunity to meet and hear Mr. Houston.

A number of young people of the village enjoyed a delightful picnic at Cat Run, north of town, on Friday. They left the village at an early hour in the morning and spent the entire day at this most beautiful picnic resort. At the noon hour all enjoyed a most delicious picnic dinner.

Mr. and Mrs. G. D. Mason and little son Frank, of Carey, O., who have been visiting relatives and friends in the village and vicinity during the past week, returned home Friday, after having had a most delightful visit.

PILES CURED AT HOME BY NEW ABSORPTION METHOD.
If you suffer from bleeding, itching, blind or protruding Piles, send me your name and address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from our own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P., Notre Dame, Ind.

AUTO TIRES ARE OFFERED AT HALF PRICE
Walter Smith was held to the grand jury by Mayor Ankley today on a charge of grand larceny, he being charged in an affidavit with the theft of \$446 worth of automobile tires, etc., from the garage of Hare & Siger. The police believe that this man has been the victim of a systematic thief and Smith is held as the responsible party. His bond was fixed at \$200. According to testimony introduced, Smith ordered to sell two automobile tires, worth \$40 each for \$15 and this caused suspicion to rest upon him.

At Ballarat, Australia, has been found a nugget of gold weighing a little less than 30 pounds, and expects to will turn out at least 15 pounds of pure gold.

Thirty Years Together.
Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there is no guesswork in this evidence of Phos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a one you can't pry it out. Many families have used it for forty years. It is the most infallible throat and lung medicine on earth. Unequalled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50c, \$1. Trial bottle free. Guaranteed by F. D. Hall.

Read the "For Sale" Ads tonight.

BUTTER KRUST

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and set it. He will work with energy and think clean, clear, healthy thoughts. He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery
prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

Why Don't You Start a Savings Account?
Can't you save a few dollars each month until you get a few hundred dollars and we will lend you the rest to buy a home. We will also pay you 5 percent interest on your savings. We are in business to aid you and have been established since 1880. Any information cheerfully furnished. Call and investigate our methods. We will make loans on good mortgage security at any time.

Daddy's Bedtime Story

One Who Could Remember Everything

WHEN was it that you and I last drove over to Uncle Daniel's? asked daddy of Jack one evening as story time came round.

"I forget," said Jack.

"Oh, son," said daddy, "I'm surprised! Wasn't it a very nice day, and didn't you see the new calf, and didn't your aunt have a beautiful berry pie made especially for you? You ought to remember the date of a day like that."

"Yes, sir," answered Jack; "I should, but I have so much trouble remembering all the dates in my schoolbooks that it's awfully hard for me to remember anything more."

"Well," said daddy, "memory is a splendid tool to train. It gets stronger just as your muscles do, and you must use it. Every day you can walk farther and swim longer and jump higher, and just so every day you ought to be able to remember more."

"I'll have to tell you a story about a little Italian boy who could remember all that," said daddy. His name was Magliabechi, but I won't ask you to remember all that. We'll just call him Mag.

"His parents were so poor that he never went to school, but he taught himself to read from what old books he could get his hands on. He was setting to work in a grocery shop, but a bookseller, who noticed the little fellow studying at all hours, gave him a job at more wages and let him read all he wanted to."

"And by the time he was fifteen years old he was famous and was made a librarian in one of the great palaces. Scholars came from all over the world to test him, but the little chap was a match for them all."

"A gentleman who had written a history lent it to Mag to read before it was sent to the printer. The boy returned it, and next day the gentleman came to him and pretended the papers had been lost and that he couldn't remember what he had written. 'That is easily fixed,' said the boy, and, sitting down, he rewrote the whole thing word for word."

"Nobody doubted his wonderful genius after that, and he might have become rich and powerful, but all he wanted was to be let alone to read. He dressed in rags, ate nothing but eggs, bread and water and would take money only to travel and see other libraries."

"Remember that story any day," said Jack.

"That's a good starter," said daddy.

Quarter Century Ago.
(From Advocate August 12, 1886.)
Mr. H. O. Norris and family have gone to Eldersburg, Md., for the summer. They expect to be gone several weeks. During Mr. Norris' absence, Mr. O. C. Jones will occupy the teller's desk at the First National bank.
Mr. Harry Edwards of Cleveland is visiting friends in the city.
Charles Fuller, of the firm of Miller & Fuller, druggists, has gone to Rochester, N. Y., to visit his parents, and not on a matrimonial tour as some supposed.
The election of officers of the Teachers' Institute for the ensuing year, took place yesterday.

Fifty Years Ago Today.
Aug. 12.
P. T. Barnum, the showman, made a stir by advertising "the most wonderful and extraordinary novelty ever offered to the people of New York—a living hippopotamus! Never seen out of Egypt, except at the zoological gardens in London!"
The Bangor (Me) Democrat, a secession paper, was wrecked.
Twenty-five Years Ago Today.
There was a strike in the Chicago stockyards.

over the Norfolk & Western railroad, beginning at Waverly, O., the crop conditions are much better than here, there having been quite a little rainfall. In the extreme southern part of the state, however, the conditions are much worse than in this part of the state. He says the Ohio river is at the lowest stage ever known.
Birth Announcement.
Born to Mr. and Mrs. Joseph N. Pugh, at their home, 282 Granville street, 9 1-2 pound baby boy, Friday night.
No Drunks Today.
Not a drunk faced Mayor Ankels in police court this morning. Several prowlers and loiterers made up this morning's short list.
Pataskala Corporation.
The Fravel Hardware and Supply Company of Pataskala has been incorporated under the laws of Ohio by Daniel J. Fravel and others with a capital stock of \$15,000.
Black Run Picnic.
A number of Newark people went to Black Run, on the Panhandle railroad, Saturday morning, to attend the county Sunday school picnic. The Brownsville cornet band furnished music for the picnic.
Bellevista Annex Lots Sale.
Started off with a rush. The first lots were sold at 3:30 a. m. Mr. Shalley left the Warden Hotel at 3 a. m. to place his sale tickets on the lot stakes before the rush and when he arrived at the grounds he found three parties waiting for him. One of the parties came all the way from Cambridge, O., on an early train. But the early rain checked the rush so that there will be the best of choice lots left tomorrow, when a large crowd is expected.

CUT OFF BRAID DURING DREAM.
Peru, Ind., Aug. 12.—Miss Tena Wappler, a stenographer of this city, has short hair because, while she was dreaming she was having her hair cut, she got out of bed and, taking a pair of scissors, cut off one of her long braids. She had dressed her hair in two braids before retiring, and when she awoke and found one of them severed she was greatly surprised.
A barber finished the trimming process.

FELL FROM AUTO LANDING ON CAR.
Nashville, Tenn., Aug. 12.—Four Maryland negroes were joy riding at Brentwood, ten miles out, the automobile plunged off a bridge beneath which a Louisville & Nashville freight train was passing. Pearl Wright landed on top of a freight car, and, landing on a broken leg, rode into the city. The train crew took her off at Union Station and sent her to the hospital. The others in the car were only slightly hurt.

ABE MARTIN SAYS:

VERIFY IT.
The Proof is in Newark, Almost at Your Door.
The public statement of a Newark citizen is in itself strong proof for Newark people, but confirmation strengthens the evidence.
Here is a Newark citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and now states the cure was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.
C. W. Manville, 50 N. Fourth St., Newark, O., says: "My former public statement regarding Doan's Kidney Pills still holds good. Three years ago I suffered from pains and lameness through the small of my back and was caused annoyance by a kidney weakness. Doan's Kidney Pills proved their superiority by restoring me to good health and correcting every symptom of kidney complaint after other remedies had failed. My cure has been a permanent one."
For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, Sole agents for the United States.
Remember the name—Doan's—and take no other. 22

OBITUARY

WALTER MERRILL.
Walter Merrill, infant son of E. R. and Mary A. Merrill, died at the home of the parents, three miles east of Newark, in Madison township, Friday morning at 4 o'clock. The funeral services were held at the home Saturday afternoon and burial was made in the cemetery at Smith's chapel. The parents have the sympathy of all their friends.

THELMA FAY FEATHEROLE.
Thelma Fay Featherole, twin daughter of Mr. and Mrs. John Featherole, died at 5:30 at the home of Mr. and Mrs. John Furley, 64 Grant street, after two days' illness, aged three months and six days, just three weeks after the death of Elmer Fay Featherole, her twin brother. Funeral services will be held at the home of Mr. and Mrs. Furley, 64 Grant street, at 2:30 o'clock Sunday, Rev. G. W. Applegate officiating. Burial at Cedar Hill cemetery.

RALPH SHEA.
Ralph Shea, who assisted his brother, M. J. Shea in the management of the Auditorium theatre in this city, died at East Liverpool, O., Thursday at the city hospital, after a few days illness of blood poison.

MRS. ROSS E. TEDRICK.
Mrs. Ross E. Tedrick, nee Viva Causenbarga died at home in Coshocton Saturday morning at 6 o'clock. The remains will be brought to Newark this evening and taken to the home of Elmer Tedrick. The funeral services will be held at the home of Mr. Tedrick, 18 East Harrison street at 2 o'clock Monday. Interment will be made at Cedar Hill cemetery.

CARD OF THANKS.
I wish to thank the neighbors and friends for their sympathy and beautiful flowers, also the choir, at the time of the death of my husband, Mrs. Henry Martin.

The cynical bachelor rises to remark that it isn't wise to embark on the sea of matrimony if you have to travel in the steerage.

It is always easier to keep up appearances than to keep down expenses.

Never tell a man just what you think of him unless you are bigger than he is.

HAD ECZEMA TWENTY YEARS
And Was Cured Completely in Two Weeks Time by the Use of Goodrich Soap.

"Gentlemen: I have been sick, I may say, for the last 20 years; went to Hot Springs, St. Paul, Minn., and other places, and was benefited while there, but when I came home it was the same old story. My doctor told me I was weak and exhausted. Then I tried sleep for an hour, but my sleep would only be the cause of more trouble when I would wake up. My itching seems to be the worst in my body, and I would like to see the burning sensation are enough to drive me crazy. There are no sores of any kind on me, only a dry scaly skin, or it is raw and very tender. I have spent a fortune in medicine, have taken remedies by the dozen, would use a box of ointment in two days I could not say how many bottles of ointment I have used. I have tried more benefit from GOODRICH SOAP THAN ANY OTHER. HAVE TAKEN IN SUCH A SHORT TIME, I CAN GO TO BED NOW AND STAY UNTIL I AM READY TO GET UP IN THE MORNING—SOME OF MY FRIENDS HAVE NOT DONE IN TEN OR FIFTEEN YEARS.
I have told three friends of mine who are so troubled, but they said they could not get that soap here. The drug clerk said he had not heard of it before.
I shall never forget the kindness of Dr. Hukches of Garretts, Ind. He has done everything in his power for me. Everything he has heard of he has told me to do, and now through his kindness, AND YOUR WONDERFUL SOAP, I hope to spend a few happy and peaceful days or months on this earth. Hoping you will send me a box of Goodrich Soap at your convenience, I remain, with many thanks for your trouble."
747 Superior Ave., Chicago, Ill.
If your druggist will not supply you with Goodrich Soap, send 25c to Goodrich Remedy Co., Newark, Ohio. Sample on request.

SALESMEN WANTED.
Salesmen wanted for snappy pocket sideline. New goods, quick shipments and prompt commissions. State territory covered in first letter. Burd Mfg. Co., 221 No. 5th Ave., Chicago. 12d1t

BUTTER KRUST
RAILWAY AFFAIRS.

The Baltimore and Ohio railroad company recently adopted the policy of giving out conservative and reliable statements concerning accidents and other matters of news value. The reports are given out promptly and are always to depend upon. This is the first time to the knowledge of newspaper men in this vicinity that a corporation, especially a public service corporation, has undertaken a matter of this kind and it is a move which shows business sagacity. Frequently, stories of accidents are heard in newspaper offices and when the head of a corporation is called on for information he curtly says: "Nothing for publication," and the incident is closed so far as he is concerned until he reads the paper, when, if there is the slightest error even though painstaking efforts are made to get the information accurate, there is at once a strenuous protest concerning "the inaccuracy of newspapers in general." The heads of the corporations seem to believe that news can be covered up and if it is uncovered that a reporter should be able to sense names and inside data without information from those who saw it. Such persons are deserving of scant courtesy as they evidently have a guilty conscience. There is, however, no doubt that every newspaper man will aid the B. & O. management in the effort to get reports of accidents accurately. — Wheeling News.

A sharp appetite can get along with a dull knife.

Two horses, bay mare and brown mare. Cheap if sold soon. Phone 617 Granville. 12d3t

BEEF PRICES TO BE RAISED.
New York, Aug. 12.—Prices on beef are to be raised. Local retail dealers say the advance makes the cost of meat pass the high water mark of last fall. Prices have been steadily advancing for two weeks. The wholesalers say another advance is to come.
The wholesale price of hind quarters of beef has jumped from 11 to 14 cents. Pork loins have gone up from 10 cents to 15 cents.
Wholesalers say the cause of the present advance is the scarcity of good cattle in the west and south-west.

It matters not what you want or when you want it, an ad. under the proper classification in our Want Columns will bring it.

FOR RENT.
Two furnished rooms for light housekeeping. Apply at 59 Clinton St. 12d3t

NOTICE OF APPOINTMENT.
Estate of Elizabeth Foster, deceased. The undersigned has been duly appointed and qualified as administrator of the estate of Elizabeth Foster, late of Licking County, Ohio.
Dated this 10th day of August, A. D. 1916.
RODERIC JONES, Administrator.
8-12ast3t Newark, Ohio.

LEGAL NOTICE.
Carl Stackhouse, whose residence is unknown, is hereby notified that Dora Stackhouse has filed her petition against him for divorce and alimony in case No. 2552, of the Probate Court of Licking County, Ohio, and that said cause will be for hearing on or after the 27th day of September, 1916.
J. V. HILLIARD, Attorney for Plaintiff.
8-12ast6t

Appointments.
J. K. Graham has been appointed Superintendent of station service, Baltimore & Ohio railroad, reporting to the assistant to the general manager, with headquarters in Baltimore. J. T. Campbell and E. J. Hamner have been appointed supervisors of station service, and L. Bernstein, L. T. Campbell, W. A. Neilson and C. D. Seeley have been appointed assistant supervisors of station service.

W. E. Caves and G. E. Wilson have been appointed supervisors of locomotive operation of the Baltimore & Ohio railroad, reporting to the assistant to the general manager, with headquarters in Baltimore. They will supervise mechanical operation of engines in service and the crews handling these engines for the purpose of effecting economies in the use of fuel, lubricating material, tools and other locomotive supplies.

WORST DROUTH IN MANY YEARS.
Lexington, Ky., Aug. 12.—Farmers and others here attending the Bluegrass fair report the drouth in eastern Kentucky to be the worst in 25 years. Many streams have dried up and water for drinking purposes and to water stock is in many places so scarce that it is believed less than half the usual yield will result at the harvest.

Navigation on the Ohio river has been stopped near Maysville and this and other rivers are in some places lower than since 1881. The situation is growing worse and there is no rain in sight.

R. E. M'GONAGLE,
Dealer in Foreign and Domestic granite and marble monuments and markers. High grade work a specialty. 63 West Main Street, Newark, Ohio.

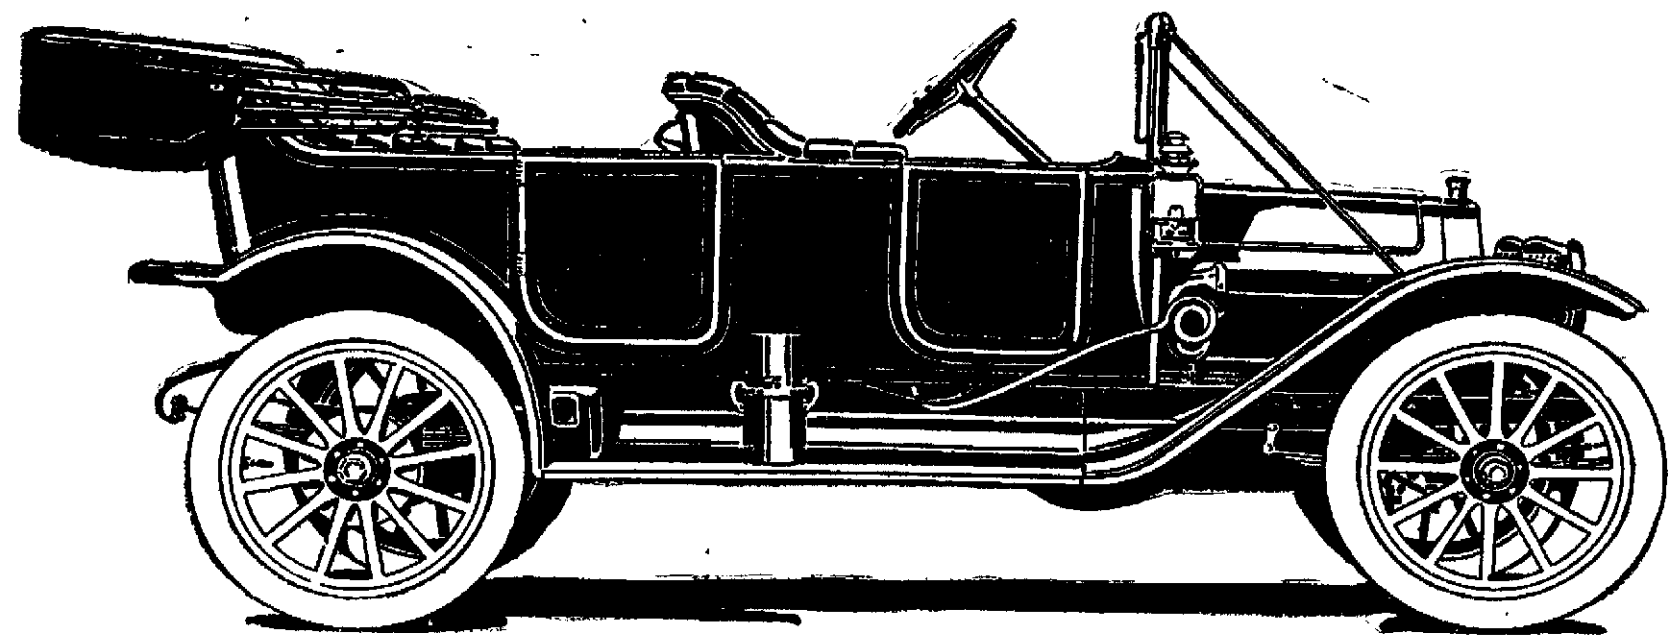

JOSEPH RENZ,
Notary Public, Real Estate and Insurance.
Office No. 7 1/2 West Side Square, over Sample Shoe Store.
Deeds and Mortgages written. All business entrusted to me will be promptly and carefully attended to.

JOHN M. SWARTZ,
Attorney-at-law.
Practices in all courts. Will attend promptly to the business entrusted to him. Special attention given to collections, administration of estates, guardians of administrators, executors, and trustees, carefully stated and attended to. Special facilities for obtaining patents in all countries.
Office Over Franklin National Bank.

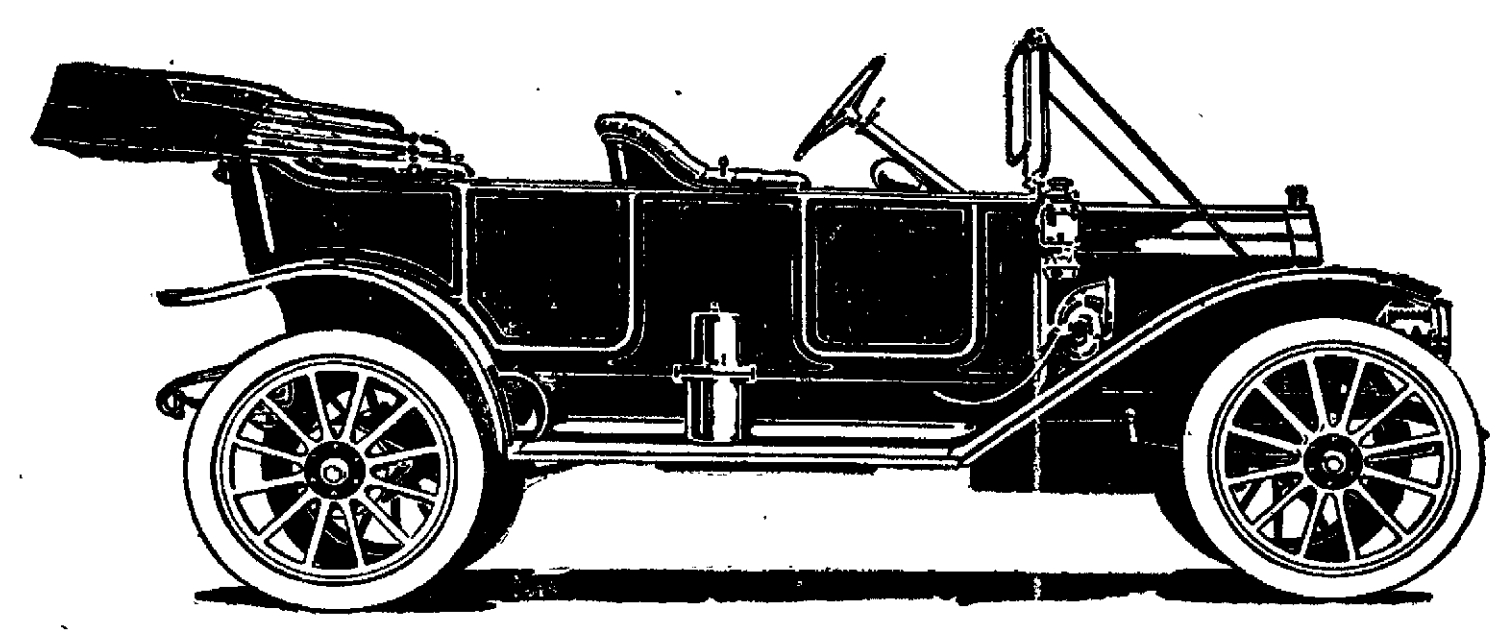

We feel that an explanation is due for the lateness of this announcement. It is four weeks overdue and it is pretty generally known that we have already delivered about 5000 of the 1912 Models. Here are the facts: Some weeks ago we advised our dealers that we were going to put out the largest automobile advertisement ever printed—a "double truck" in 200 newspapers. We naturally expected an enthusiastic response in the next mail. Instead came hundreds of telegrams in this vein: "For Heaven's sake don't you fellows at the factory ever consider the poor dealer and his troubles? You know we can't get enough 20's or 30's to supply our trade; there are three customers waiting for every car that comes from the factory. Why aggravate the present situation by publishing another ad at this time?" So we have violated all rules, and proceeded to deliver the 1912 models without first announcing them. And now we publish only one page instead of two—just enough to advise you of the fact and yet keep our dealers in good humor.

We Will Build 50,000 Cars In 1912

20,000 E-M-F "30"s and 30,000 Flanders "20"s

E-M-F "30" Fore-Door Touring Car, \$1100

Flanders "20" Fore-Door Touring Car, \$800

RECENTLY OUR MR. FLANDERS WROTE a personal letter to all Studebaker-E-M-F Dealers asking for suggestions as to how Flanders "20" or E-M-F "30" models could be improved. The 2500 replies could be epitomized in the following, which we quote from one letter: "Only defect in either model is lack of cars to supply the demand. There are three customers waiting for each car that comes from the factory. Please don't try to make them any better—just make more!"

NEVERTHELESS, "THE WORLD DO MOVE," said Galileo with his last gasp—and that is our only excuse for announcing any changes. Note we do not say improvements in either of our models for 1912.

JUST AT THIS TIME when other makers are tearing the air with declamations of their new and radically different models—condemning their product of the past by just so much as they proclaim the superiority of their forthcoming models, we say: Our 1912 model is just as good as that we sold in 1911—or 1910, 1909 or 1908.

CAN YOU APPRECIATE with what pride we make that statement—can you enjoy with us the exultation which comes from knowing that if in the future we can only give every buyer as great value for his dollar—as much satisfaction and pleasure in his purchase as in the past—we have achieved the highest ambition of an honest business house.

TAKE FOR EXAMPLE our E-M-F "30" Model. Never was there such a record of service and of satisfaction as the car has given its 30,000 owners. So flawless has been that record, we have today 30,000 salesmen—all working for love.

DO YOU KNOW THAT STUDEBAKER-E-M-F "30" is the oldest car in the world in its present form—this is its fourth year—and the few changes that have been made from time to time were in external appearance only—we have kept up with the styles in body design.

NO OTHER POWER PLANT has ever been able to equal this in performance—"Old Bullet," the ninth car we built holds several world's records for speed—84 miles an hour on Atlanta Speedway, and she and others of that first famous litter hold all the world's records for endurance. Every one of them are in service today and many of the first five hundred have over 100,000 miles of rough roads toured to their credit.

TAKE CAR No. 2, for example: It is in New Mexico. Owner writes: "Friends who have purchased your later models on my recommendation tell me their cars are great; but after four years of driving over Western trails, I tell you I don't believe you ever built another car quite as good as my No. 2."

ISN'T IT SPLENDID to get letters like that? Car No. 1? Why that car—our first—was used for two years at the factory as a demonstrator and was then put in the hardest kind of service as a "pick-up wagon" at the factory, doing heavy work. Can't kill her—looks as if she was good for twenty years or more of the same kind of work.

WHEN OUR DEALERS COME TO THE FACTORY it is a favorite stunt to take a ride in Old No. 1—on top of a load of castings, perhaps. And each time they marvel at the durability of the old car knowing though they do the quality of all E-M-F "30" cars.

THAT IS WHY WE HESITATE to claim any real improvement in our 1912 model E-M-F "30" over any previous model—persons who know will doubt our ability to improve on perfection—or what they consider the nearest approach to perfection that has ever been attained in a motor car.

BUT WE HAVE MADE A FEW minor changes that may rightfully be called improvements. Here are some you will agree are better: Longer wheel base—now 112 inches—permitting of lengthened body, giving more room in front as

well as rear seat. Body is also several inches wider, making ample room for three 200-pounders in rear seat; drop frame instead of former straight frame, gives lower center of gravity, and lower, more rakish, appearance to car. Springs are longer also—both front and rear—always the easiest riding car, it is still more velvety in motion.

A FEW MECHANICAL CHANGES—not necessarily improvements, though of course our engineers think they are—are improved steering gear—better facilities for oiling and adjusting. At the same time we have emulated the \$5000 cars by placing spark and throttle levers on top of steering wheel; large steering wheel of Circassian Walnut; gives classy appearance and makes "thumb and finger control" possible.

NO CHANGE IN MOTOR—you will be pleased to hear that. Fact is we would not dare make the slightest change in that wonderful motor for fear we could never again get quite as powerful a one.

NEITHER HAS THERE BEEN any change in transmission, control, axle or chassis detail, save only those mentioned—the drop frame and longer springs.

E-M-F "30" IS MORE BEAUTIFUL, though, than ever before. Truth to tell, we have always thought there was room for improvement in the outward appearance of this car. But you must remember that in order to give our customers the highest degree of mechanical excellence, in past years we had to design the body severely plain. And we are proud of that policy—other makers adopted the opposite policy, made cars that misled buyers by their looks—and are now either in the junk heap or on the way there—expected soon.

BUT NOW IT IS DIFFERENT—we have our mammoth plants and they are paid for. We have a more perfect organization. Practically unlimited capital enables us to buy better—and prices of all materials are lower.

SO NOW WE CAN ADD experience to efficiency—luxurious appointments to mechanical perfection—and sell you that much better car in 1912 for the same price you paid in 1911—and for \$150 less than we had to charge in 1908-9 and 1910.

WE HAVE PROMISED from the first to improve wherever and whenever possible and to "divide with the buyer the savings we effect by our superior facilities." This 1912 announcement is the fulfillment of that promise.

FOR THE PRICE HAS NOT BEEN INCREASED—the big, luxurious, fore-door model will remain at \$1100 F. O. B. factory. Let those try who may, none can equal this value. They never have been able to and it is no part of our plan that they ever shall.

THE BODY IS A BEAUTY—of the most improved "straight line" type—perfectly straight from front to rear. All levers inside; door catches concealed; large ventilators in dash so it is just as cool in front as in rear. Also we provide so doors can stand ajar, so speed of car sucks out warm air permitting cool air to replace it constantly. Actual thermometer tests show our front compartment to be cooler than rear. Only objection to fore-door design eliminated.

IN A WORD the Studebaker-E-M-F "30" will continue to be in 1912, as it has always been, the best car in the world at less than \$2500—the first choice in its class of all well informed buyers. Others thrive on our leavings—they live because we cannot supply the full demand, even making, as we do, one hundred of these cars every day.

MADE IN FOUR MODELS for 1912: Fore-door Five-Passenger Touring Car, \$1100; Fore-door Detachable Demi-Tonneau, \$1100; Fore-door Roadster, \$1100, and Coupe, \$1450. Full detailed specifications in the catalogue.

THE STORY OF FLANDERS "20" is even more simply told. There is no change in this sterling model—not the slightest, either in mechanical detail or in appearance. We could see no chance for improvements.

SHE HAS COME INTO HER OWN—never was more signal victory than this car has achieved. Never did any automobile enjoy a greater over-demand than Flanders "20" does now, and with an output of 100 a day at that.

YOU WILL REMEMBER that, like all new models, Flanders "20" did not come up to Designer Heaslet's hopes the first season—1909-10. There were several minor defects.

WE SAID SO FRANKLY in our ad. announcing the improved 1911 three speed model. Competitors criticised us severely—said it was bad business to "tell all we knew to the public." Well, perhaps—only it didn't work out that way, much to their chagrin.

WE USE STRONG STATEMENTS in our ads.—we have the goods and ordinary terms cannot do justice to them. So do others deal in superlatives—when they are proclaiming hoped for virtues. Past errors they are singularly silent about, however.

WE HAD TO ADMIT that the two-speed idea was wrong for a touring car. Its only advantage was cheapness of manufacture, and, while we had the customer's interest at heart when we designed the two-speed Flanders "20," we found we were mistaken and that the customer—experienced buyers, anyway—would gladly play a trifle more to have the added efficiency and superior control of a three-speed selective sliding gear transmission.

WHILE WE WERE ABOUT IT we designed the handsomest fore-door touring body that ever was seen on a moderate priced car.

AND WHAT A RECORD she has made—it is simply splendid. Discredited by her past, dealers and individual buyers alike were supercritical. Competitors "knocked" for fair and tried to convince buyers that the three-speed model was really no great improvement over the former two-speed. We sometimes think this very knocking was our greatest advertisement, for of course, the public knew that the man whose name this car bore would stand back of the product—it had been his pride from the first.

SO THEY DETERMINED TO TRY the new car out. And they certainly did figure out some grueling tests—speed, hill climbing, mud plugging, sand lighting—every imaginable stunt that could break down a car or prove her ability. And Flanders "20" always came up smiling. The astonishment of her opponents was something to see. From that time she has forged steadily ahead, sweeping from her path every would-be rival till today she is acknowledged leader. Dealers tell us there would be no other light touring car sold if they could get enough three-speed Flanders "20's" to fill the demand.

IN LARGE CITIES buyers are so well informed they simply won't accept substitutes—they will order six months ahead and wait for Flanders "20" rather than take an assembled or a "tin car" as a substitute. But in smaller towns, where there are fewer cars and folks don't have as good a chance to compare performance and durability, dealers are still able to persuade buyers the imitations are "just as good." That is where the "tin cars thrive."

WE HAD IN MIND in designing this car, the great class of well-to-do business men who want a family touring car of high efficiency, seating five and capable of taking them anywhere—people who want a car of sterling quality and yet feel they cannot afford a car as large as E-M-F "30."

NOW WE COULD HAVE DONE as we did with E-M-F "30" five years ago—designed with an eye single to mechanical excellence and without regard to appearance. But that day has passed. The opinions of other makers to the contrary notwithstanding, we believe the farmer and the man in the

village has just as artistic a sense—is just as well informed on up-to-date designs as the city man. And we are determined to make a handsome car as well as a good one.

NOW THAT COSTS MORE, OF COURSE—there is actually over \$250 more factory cost in Flander "20" than in any of its competitors—yet there is not nearly that difference in the selling price.

NOW COMPARE THEM. Ask your local dealer to drive his Flanders "20" demonstrator up beside one of the several makes of "tin cars" so that you can see the wonderful difference.

COMPARE POINT FOR POINT—the French-type bonnet of the Flanders with the simple, cheap-looking—and cheap—motor cover on the front of the other. The full fenders of the Flanders with the scrawny, tinny-looking mud-guards of cars that presume to compete with it. Even the equipment—lamps, top, windshield, are superior in looks and in quality.

APPEARANCE IS IMPORTANT. However matter-of-fact a man may claim to be his wife and daughters crave the artistic and the beautiful. And Flanders "20" is their choice because they find it to be as great a degree as in the highest priced car on the market.

YOUR MECHANICAL SENSE will also be appeased—we are talking to you, Mr. Practical Man—if you will investigate chassis details and power plant. You will find a four cylinder motor of most approved French type and a transmission like that in E-M-F "30"—same excellent axle design, too, and you will find, if you know steel, that the materials that go into this car are not surpassed in quality by that used in any automobile—bar none.

FLANDERS "20" HAS NO RIVAL when you consider all points. No other car on the market gives the buyer so much mechanical excellence and so much to be proud of in appearance as the Flanders "20" at \$800.

HERE'S AN EXCERPT from a letter written to one of our dealers by a certain Detroit manufacturer: "Why not take on ten or fifteen of our cars? You know you cannot get Flanders "20's" enough to supply your trade. Your customers get impatient waiting and you may lose some sales. We have cars in stock and can ship at once. Besides our discounts to dealers are larger."

BUT THAT DEALER DIDN'T FALL—you never heard of a dealer giving up the Studebaker-E-M-F line. Never heard of a dealer handling any other if he could get this one. Dealers want cars that sell themselves—that are backed by a guarantee for a full year, and that really says something.

EVERY STUDEBAKER DEALER IS JEALOUS of the proud position he occupies—he is honored and respected above all rivals in his own community because he sells the best cars and keeps his word—the cars make good. And the manufacturer backs him up. He will not sacrifice that proud position for a few chance sales, nor for a bigger rake-off will he sell to his townsmen cars that he knows are unsaleable elsewhere.

OUR ONLY PROBLEM IS DELIVERY. We are not going to make any rash promises. We cannot promise to deliver every car that is ordered. All we can do is to repeat that we are making one hundred per day now! That we are doubling our factory facilities as fast as bricks can be laid and machinery installed! That we will work full force all winter in hopes of catching up with the demand—but that is the limit of our ability for the present.

FOUR MODELS OF THIS CAR ALSO FOR 1912. Fore-door 5-Passenger Touring Car—slightly smaller than E-M-F "30," not quite so speedy—45 miles per hour—but just as efficient; 4-Passenger Suburban—Ideal car for rural residents, 2-Passenger runabout. Full detailed specifications in catalogue.

TELEGRAPHIC TIPS

New York—When thieves stole \$3,000 worth of hair goods from her beauty parlor a week ago, Mrs. Orava, Coyle decided to use "New Thought." She concentrated her mind on the crooks and their arrest followed.

New York—Mayor Gaynor in a letter to boys of the city says he is sorry they cannot always play ball on the street, but tells the police to let them use the streets as much as possible.

New York—Chas. A. Murphy, 37, of Elizabeth, N. J., smashed \$5,000 worth of plate glass in the show window of a department store, because he didn't like the fashions displayed there. His sanity is under probe.

New York—"Big Bill" Devery, known as the best chief of police New York ever had, is moving back into the city from Rockaway, because he "can't stand the quietude" after thirty years in \$2nd street.

Detroit, Mich.—Detroit in its official capacity is opposed to tipping, and it will hereafter be prohibited in cafes in the city parks.

Detroit, Mich.—Charged \$1.75 for a steak, Liseiman, manager of the Detroit Printers' Roller Works, asks that the case owner be prosecuted as "the high cost of living trust."

Norwalk, O.—While attending the funeral of her son, Mrs. Charles F. Roush was instantly killed. The horses of her carriage ran away and she leaped to the ground, breaking her neck.

Paducah, Ky.—Everything looked good to the thief that looted Grace Episcopal church. He stole a quart of communion wine, three brass candlesticks and two suits of clothes belonging to the janitor.

Atlantic City, N. Y.—The clang of a fire engine racing past him so frightened Jacob T. Murray, of Philadelphia, that he dropped dead.

Enfield, Conn.—Returning from a visit, Wm. Alexander, a farmer, found his home in flames. Believing he could not subdue the fire, he sent his wife for building material and started a new house.

Aedon, Calif.—After fighting a leaping tuna, which he had hooked for 17 hours, G. R. Stockton, of Los Angeles, landed his prize. He was so exhausted that he had to be carried home and put to bed.

New York—To prove to the court that he had learned the pickpocket's trade, Benny Binghamman, 19, picked Judge Moses' pocket as the judge left the bench. Benny is held for reformation.

Chicago—A curly spitz dog is the cause of a suit for \$1,000,000. Because of the dog, W. J. Morrison was chased from his flat when Mrs. Morrison was

FOUR COUPLES FILE PETITIONS FOR DIVORCE

Fannie Frost has commenced suit in probate court for divorce from Oswald Frost. She says she was married to defendant Nov. 4, 1902. For cause of action she charges defendant with cruelty and gross neglect of duty. She also asks for alimony. Smythe & Smythe, attorneys.

Ella Seever's wants a decree of divorce from John W. Seever, to whom she was married Dec. 24, 1890. One child, now 20 years old, was born. Willful absence, extreme cruelty and failure to provide are alleged as causes for divorce. H. C. Ashcraft, attorney for plaintiff.

Bertha L. Miller wants a divorce from David D. Miller, to whom she was married Oct. 24, 1904. One child, a daughter, Maile, was born of the marriage and is now 6 years old. Plaintiff charges defendant with failure to provide. She asks for divorce and alimony, and that the defendant be compelled to pay her \$5 alimony per month heretofore allowed by the court. Ralph Norpell, attorney.

In probate court Dora Stackelhouse has commenced suit for divorce and alimony from Carl Stackelhouse. The parties were married Sept. 29, 1907, and no children were born of the marriage. For cause of action plaintiff charges defendant with abandonment and cruelty. J. V. Hilliard, attorney.

Injunction Allowed.

John C. Neel has commenced suit in the Common Pleas Court against the Ohio Electric Railway, and William D. Harris to enjoin them from draining the contents of cesspools, outhouses and other place into the Waste Weir run, on Buckeye Lake, near the park. A temporary restraining order was granted by Judge Seward. Jones & Jones, attorneys for Neel.

Appointed Receiver.

Ralph B. Priest was appointed receiver in the case of American Liquidation Company, vs. the Newark Savings Bank Company, with orders to collect the stockholder's liability under the law before Nov. 3, 1903, and pay same to the depositors of said bank. Bond \$35,000. Judge C. W. Seward made the appointment at request of plaintiff, Mayne Collier, attorney for plaintiff.

Marriage Licenses.

William Cyrenus Irish, Newark; Dollie Severance, Newark.

Real Estate Transfers.

Samuel Sachs and wife to Mabel and Archie Redman, lot 5290 in the Kibler Place addition to Newark, \$1 and other valuable consideration. Maggie Campbell and husband, Felix Campbell, to Michael J. Campbell, lot 119 in the West Main street addition, outside the city of Newark, \$1 and other consideration.

William S. Warthan to Sloan Campbell, 2 acres in Washington township, \$1,700. John E. McCreben and wife to Martha J. Brown, 27.88 acres in Harrison township, \$1 and other consideration.

Justice Horton's Court.

Lewis E. Blane was arrested at Butler, O., Friday night by Constable Fred Ross, on a warrant issued by Justice G. W. Horton at the instance of Mrs. Lewis E. Blane, who charged him with failure to provide for his children. He gave bond in the sum of \$200 for his appearance in court Aug. 16.

WHAT IS SOAP?

This is a matter which few except chemists understand. Let us give you a little information. Soap is a composition of fat and alkali, which, if properly proportioned and treated, results in a new chemical product which bears this name.

The best cleanser in the world is soap—pure soap, in which the ingredients are scientifically combined. The cheap "soaps" with which the market is flooded, contain so much alkali that fabrics washed with them are soon ruined.

Try Howitt's Easy Task Soap, which is the true blend of tallow, coconut oil and borax, and see the rapid improvement in the wash and the hands which do it.

LITTLE DAUGHTER FOUND HER FATHER HANGING IN BARN

McConnellsville, O., Aug. 12.—After several attempts Joseph Morrison, aged 35, married and an alleged imbecile, committed suicide yesterday, his body being found by his five-year-old daughter hanging from a rope in their barn. The Morrison's live at McConnellsville, about 12 miles east of McConnellsville.

Morrison was confined at the state asylum at Columbus several years ago, but had been dismissed as cured. Some time ago he was brought before Judge Rogers at McConnellsville on a lunacy charge, but was again sent home. During the past two months he has repeatedly attempted to take his life.

Morrison came down stairs as usual and appeared quiet. He ate a hearty breakfast and then walked out to the barn to feed the stock. When he did not return his little daughter, aged five years, went to look for him. She found him hanging from a rope in the barn. She hurriedly ran back to her mother, who went to the barn and cut her husband down. He was dead, his neck being broken when she reached him.

The ramming of paving stone is done now with a pneumatic tamper, doing the work of the human rammer in much less time.

The horn of plenty has started many a man on a foot.

WOMAN ASSISTS IN CAPTURING BLACKMAILERS

Chicago, Aug. 12.—While C. K. G. Billings was driving his champion gelding, Uhlman, to a new world's trotting record at Cleveland yesterday, his mother, Mrs. A. M. Billings, despite her 89 years, was making little record of her own in Chicago by trapping a would-be blackmailer or blackmailers, who are alleged to have made threats in true Black Hand fashion.

John Mills, a negro, who says Cairo, Ill., is his home, and John Hendricks, a white man, about 27 years of age, whom the police styled a hobo, from his appearance, were arrested.

Thursday Mrs. Billings received a letter, demanding that \$500 be wrapped in a bundle of old clothes and given to a man who would call Friday and ask for work, and also for a package. Mrs. Billings notified a firm of private detectives, who called the police to their aid. They were secreted about the grounds of the Billings home in West Lake street when Mills appeared.

"I want a job about the horses here," Mills said to the maid, who answered the door and who had been coached by Mrs. Billings in her part. "We have no such work here," she replied.

"Well, then how about that package?" Mills is said to have asked. At this point the maid invited the mysterious visitor into the house and notified Mrs. Billings, who, owing to infirmity of age, was in bed. The maid was given a bundle of old clothes but there was no money concealed in it. This she handed to the negro, asking him to wait for a few moments. Then the detectives were notified and Mills' arrest followed.

Mills expressed surprise at his detention. He declared he came to Chicago from Cairo Thursday night and that he met a stranger who gave him his name as John Hendricks. Hendricks he said, asked him if he wanted to earn \$50. Mills was willing, and he said he was told to visit the Billings home and to ask the questions about work, and in particular about the package. He was to receive his pay upon the completion of his labor.

Mills, after his arrest, led the officers to a West Side saloon, where he pointed out Hendricks, who is a German and speaks little English. He refused to answer the questions put to him by the police. Mills said that he was the tool of Hendricks and knew nothing of the threatening letter received by Mrs. Billings.

NEWARK MEMBERS OF FISHING CLUB LEAVE FOR CAMP

The Buckeye Fishing club, composed of enthusiastic disciples of Isaac Walton, of Columbus and Newark, never do things by halves and this year they will go into camp at Wasiago, Ontario, Canada, where they camped last year and where an abundance of game fish of all kinds is to be found. Saturday morning a number of the Newark members of the club went over to Columbus and joined the Columbus contingent at the club room. When everything was in readiness the members of the club, to the number of 125, formed in procession, all wearing uniform caps, and headed by the Columbus Battalion Band, marched to the depot, where they boarded a special train on the Big Four railway, and pulled out of Columbus at 11:50 o'clock. They will make the trip via Buffalo and the great Suspension bridge, and will arrive in camp Sunday morning at 5:30 o'clock. As all the camp equipment, including the cooks and waiters, had been sent on in advance, a fine breakfast will be awaiting the members of the club on their arrival in camp.

Among the Newark members of the club who joined the Columbus party were Joseph Kuster, Sr., Peter Ritzer, Thomas Dupler and Dan Murphy. The party will remain in camp about two weeks.

Attached to their train were Pullman sleepers and during the trip lunch will be furnished in their own dining car.

This club has been going into camp for the past eighteen years, and make a practice never to camp in one place more than two times. They claim that Wasiago is the most ideal camping place they ever visited. Last year the members of the club caught between four and five thousand pounds of fine fish, principally bass, trout and muskellunge.

Children Who Are Sickly.

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. They break up Colds, Relieve Feverishness, Constipation, Teething Disorders, Headache and Stomach Troubles. Used by Mothers for 22 years. THESE POWDERS NEVER FAIL. Sold by all Drug Stores, 25c. Don't accept any substitute. Sample mailed FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

COLUMBUS MECCA FOR FEDERATION OF CATHOLICS

Columbus, O., Aug. 12.—The American Federation of Catholic Societies' tenth annual convention which convenes in Columbus August 23rd, will be the biggest and grandest event in the history of Catholicity in the United States.

Delegates will be sent from all parts of the country, and from some foreign countries, to join in the deliberations of his body. Many questions of vital importance to Catholics and others

will be discussed; plans formulated for the continuance of the good work of the Federation. Among other things the purification of the stage will be one of the paramount issues.

Sunday, August 20th, Pontifical high Mass, a very impressive service at St. Joseph's Cathedral. Celebrated by the Most Rev. Dionicio Falconio, Papal delegate to Washington. Scores of bishops and priests from all quarters of the country will be present.

On Sunday afternoon a monster parade is to be held in which 10,000 men will march.

The convention will be brought to a close Wednesday evening, after a banquet at Memorial Hall. Governor Harmon, Attorney General Hogan and M. H. Donahue of the Ohio supreme court, will be among the speakers.

MARRIED 46 YEARS; SUES FOR DIVORCE

Chicago, Aug. 12.—After having lived with her husband 46 years, Mrs. Francis Kick of Blue Island, a suburb, has sued Godfrey Kick for divorce, alleging desertion.

"He left me alone in the world four years ago and I have not heard from him since," sobbed the aged woman in Judge Dever's court. "He has a roving disposition, and left me a dozen times to travel, but came back and was forgiven. He is a veteran of the civil war and a good man, except that he will not stay at home. We were married in Wooster, O., on April 17, 1861. I planned to celebrate the golden anniversary of our wedding last April, but Godfrey did not come home."

Judge Dever ordered the evidence written up for the issuance of a decree of divorce later.

CITY DOES NOT WANT MIXED GAS

Cleveland, Aug. 12.—The outlook today is that the city and the East Ohio Gas Company will lock horns in the courts within the next 24 hours. Following the receipt of a formal opinion from City Solicitor Newton D. Baker, outlining the city's powers in compelling the gas company to cease the alleged mixing of natural and artificial gas at its artificial plant, Mayor Baehr ordered Solicitor Baker to begin legal proceedings at once against the company.

In his opinion the city solicitor sustains the city's right fully, holding that the city not only may order the alleged practice stopped, but also that the city, if its order is ignored, may annul the gas grant of the company, which is a Standard Oil subsidiary.

Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn of Tracy, Calif., "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c. at F. D. Hall's.

Lots of high ideals are found at the bottom of the ladder.
